What do you know about Loons?

Watch the Loon Cam for five minutes and write down 3-5 questions you have about loons. Pick at least two questions that can be answered by direct observation.

Let's Get Loony!

http:// www.sportsmansparad iseonline.com/ Live_Minnesota_Boun d_Loon_Camera.html

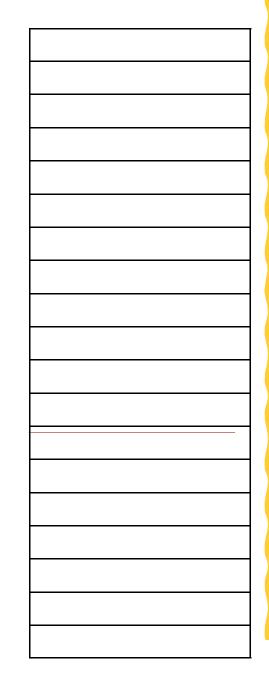

Name _____ Observation date: Watch for 10 min. and record your observations:

What is the Loon doing with its beak during your viewing? Why do you think it is exhibiting this behavior? Use what you know about other animals to help you to form a hypothesis! Now pick two of <u>your questions</u> that can be answered by observation, watch and record your ideas. Don't be overly concerned with being correct! Observe!

Question:
Observations:
Question 2:
2405000 2.
Observations
Observations:

Many of your answers to your remaining questions can be found at http://www.mnbound.com/ loon-cam-faq/
