

# Reel in a **Reward** for your **Winter Flounder Catch!**

**Researchers from Rutgers are tracking the movements of winter flounder. If you catch a fish with either of the devices pictured below please follow the instructions.**

## Archival Tag

Archival tags will be secured to the base of the dorsal (top) fin of the winter flounder. The tags record salinity, temperature and depth. Recovery of these tags is *critical* to the project.

Please return the tag to:

Dr. Tom Grothues  
Rutgers University Marine Field Station  
800 c/o 132 Great Bay Boulevard  
Tuckerton, NJ 08087-2004  
winter.flounder.project@gmail.com  
888-776-6537

Include the following information:

- Where (GPS preferred) and when you caught the fish
- Length of the fish
- Your name and phone number

**There is a \$200 reward for each archival tag returned.**

## Dorsal Yellow Loop Tag

*If you catch a fish that has a dorsal yellow loop tag, the tag belongs to the American Littoral Society.*

Please return the tag to:

American Littoral Society  
18 Hartshorne Drive, Suite 1, Highlands, NJ 07732

Include the following information:

- Species of fish
- Where and when you caught the fish
- Length
- Disposition of the fish (alive or dead)
- Your name and phone number

If you return the loop tag you will receive:

- The history of your fish
- A jacket patch
